

Kirb Stomp Progress Report

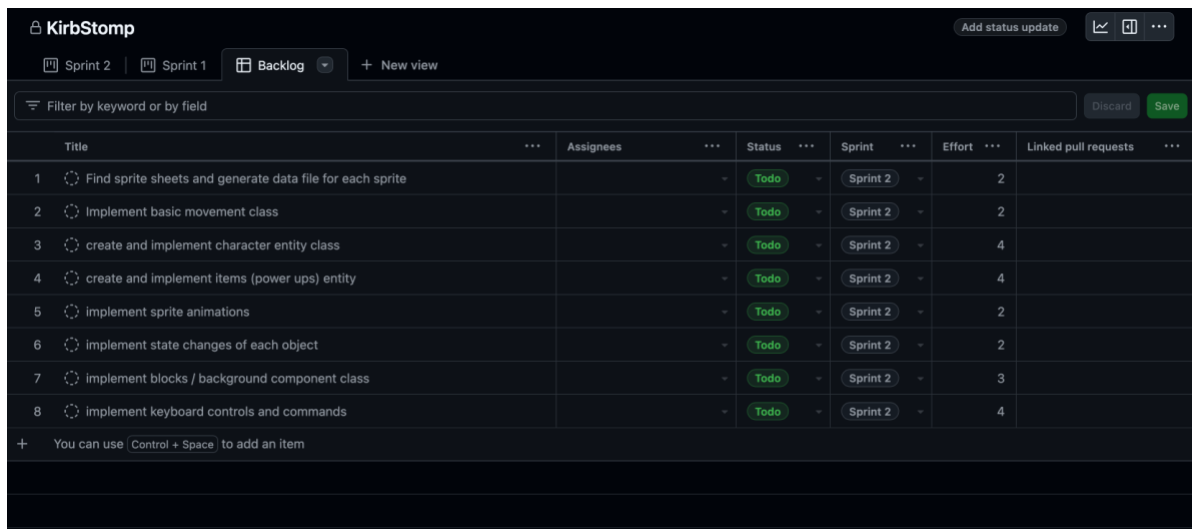

This document outlines all our team initial sprint planning.

Sprint 2 Task Planning (1/27/2025)

Sprint 2 GitHub project tasks: <https://github.com/users/StaticYolt/projects/2/views/4>

Start Date: 1/24/2025

End Date: 2/15/2025

The screenshot shows a project management interface for 'KirbStomp'. At the top, there are tabs for 'Sprint 2', 'Sprint 1', and 'Backlog', with 'Backlog' currently selected. A search bar is present with the text 'Filter by keyword or by field'. Below the search bar is a table with 8 tasks. Each task has a title, a status (all are 'Todo'), a sprint (all are 'Sprint 2'), and an effort value. The tasks are numbered 1 through 8. At the bottom of the table, there is a note: '+ You can use Control + Space to add an item'.

Title	Assignees	Status	Sprint	Effort	Linked pull requests
1 Find sprite sheets and generate data file for each sprite		Todo	Sprint 2	2	
2 Implement basic movement class		Todo	Sprint 2	2	
3 create and implement character entity class		Todo	Sprint 2	4	
4 create and implement items (power ups) entity		Todo	Sprint 2	4	
5 implement sprite animations		Todo	Sprint 2	2	
6 implement state changes of each object		Todo	Sprint 2	2	
7 implement blocks / background component class		Todo	Sprint 2	3	
8 implement keyboard controls and commands		Todo	Sprint 2	4
